NT USA Corporation:
Selling our Remaining Stock of the
Super Tite-Lock CT-S Milling Chucks!

NT USA is selling our CT-S Milling Chuck at a reduced price to "spring clean" our warehouse of the new! All of our current stock of CT-S Holders are selling for reduced by 80% or more!

CT-S Milling Chucks are capable of side through and tool through coolant using our MC metal sealed collets. No O-Ring is needed! Just place in the collet and you are good to go! Try one today!

NT Tool is not discontinuing the milling chuck, as we still manufacture the newest model the CT-SA. This is just an inventory sale as we move our stock of the older model out of our warehouse.

The price is set until all holders are sold, so check with your distributor for pricing! Call NT USA at the number listed below or write us at sales@nttoolusa.com to secure your deal and find a local distributor.
