

July, 2022

Dear NT USA Customers,

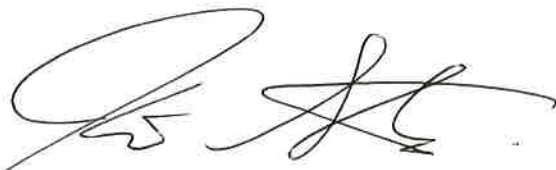

We are reaching out to advise you that there will be a price change on a majority of our items, to be put into effect on August 1st 2022. This change is due to the increased cost of materials over the years as well as recent inflation.

NT Tool USA is committed to offering you the highest quality products you expect and deserve. Until now we have minimized the impact of materials costs since our last overall increase in 2008. We have found a way to minimize the price change while still sourcing the best possible materials to continue bringing you our high-quality tool holders and accessories.

All orders made before the end of July will be honored with the current price, so we highly encourage you to order soon to take advantage of this.

NT Tool USA greatly appreciates your continued business and support through this time of change. If you have any further questions or concerns regarding this price change, please reach out to us.

Sincerely,

 NT USA.

Kiwamu Stewart

NT USA / General Manager
