

**FMH** (Previous model)

**VS.**

**FMH-A** (Current model)

If you have purchased and using one of FMH facemill and don't know which FMH-A (current version) need to be purchased again, please refer to this.

## Previous model

BT40-FMH22-45

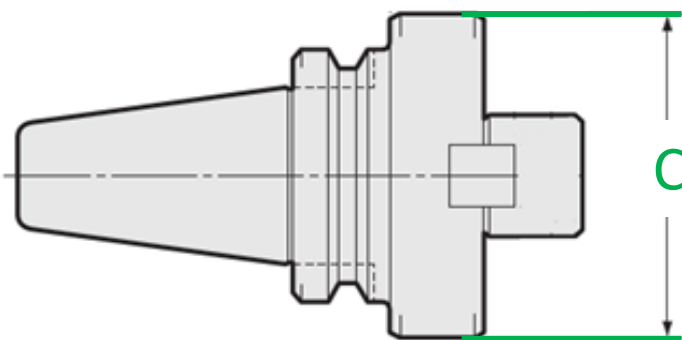

Bore size

Projection (gauge) length

## Current model

BT40-FMH22A-47-45

BT40-FMH22A-60-45

These new numbers are C dimension to have better fit with your cutter body.

Please order **smaller size** to replace from the previous model.

In this case, please order BT40-FMH22A-47-45
